MS. MANGAT

We are rapidly approaching the end of this year. It has been a very successful year with so much having to have been achieved in such a short time I wish to give strong "kudos" to our staff and students for all the adjustments and the successes they have achieved. Our enrollment numbers for next year are strong as we are full at the Grade 9 level and up in all the other grades. We are anticipating growth of about 100 students overall for next year. We are still working through our one to one computer laptop options and will communicate those to you as soon as we have the go ahead from the District.

We have dedicated assembly time this past week reminding our students to not lose the focus at the end as so much depends on these last days to complete assignments and prepare for year-end and provincial final exams. I wish our students all the best for these remaining weeks. Keep up the pace as the finish line is near.
